I. Director's Report – COVID-19 Update

Public Health Director Wendy Diotalevi updated the Board on the COVID-19 situation in Weston to date. Currently 46 positive cases of Covid-19 are in Weston and the nurses are following 165 cases all together. An additional 12 positive cases were added and another group of 30-40 positive cases have recovered and were released from quarantine. The nursing homes and long-term care facilities are starting to see positive cases in Weston. The nurses are overseeing all the cases and assigned to these facilities to track patients and staff. Still no community spread of the virus is occurring in Weston.

Chair Laura Azzam appreciates the help from the school nurses. School Committee Member Alex Cobb assures that the school nurses will be paid for all their work and overtime hours. Emergency Funds will be sought to help pay the cost.

Resident, Terry Eastham informed everyone on the meeting tonight that she is grateful for all that we do for Weston. She is amazed at the Board of Health and wanted to thank the staff.
