

HISTORIC MARKER APPLICATION FORM

To increase awareness of Weston's architectural heritage, the Weston Historical Commission sponsors a voluntary program to provide house markers bearing the name of the original owner, construction date, and, occasionally, the name of a later owner of historical importance. It does not add any additional protections.

In addition to being completely voluntary, this program does not imply or impose any property restrictions on the owners of the designated properties.

Eligibility:

1. Building must have been constructed by 1945.
2. Building should retain substantial design character. Additions and changes should be in keeping with the original style.
3. Final determination on eligibility and construction date will be made by the Weston Historical Commission.

How to Apply:

To request a marker, please fill out the application below and send it with a check for \$180 payable to the Weston Historical Commission, along with a photograph of the building if available, to:

Marker Program
Weston Historical Commission
P. O. Box 378
Weston, MA 02493

Please allow three months for delivery. Questions call (781) 786-5037.
